

23rd ANNUAL F.I.S.H. GOLF TOURNAMENT

May 30, 2015

Information and Rules Sheet

Tournament Format: 4 Person Scramble

Each player on the team hits a drive. The Team selects the best shot and marks that location. The other team members pick up their ball and move to the location of the chosen shot and each player hits the next shot from that location. This process repeats itself until the ball is holed.

A. The team must use one drive from each player on the front nine and one drive from each player on the back nine.

B. If a Scramble team has only 3 players, the team takes turns hitting the missing player's shot.

C. You may pick, clean and place the ball within one club length (no closer to the hole). If the chosen ball has been hit into a sand trap, or hazard, the person who hit into the sand trap or hazard must play the ball as it lies. The other team members may place the ball within one club length of this location, but must still play from the sand trap or hazard.

Mulligans:

Cost is \$5.00 per Mulligan per person and can be purchased when checking in for the tournament. Each player is allowed to purchase up to 4 mulligans. Mulligans are not transferable to other players.
